賽跑隊伍規則及成績計算方法 **Team Rules and Counting of Team Result**

< 公開/機構隊伍 Open/Corporate Teams >

- 公開/機構隊伍之成績計算是根據每隊首三名完成者的名次總和，唯在每隊之首三名完成者中，必須包括一名男參加者和一名女參加者。即假若隊伍的首三名完成者為男參加者，第四名完成者為女參加者，大會將計算該隊伍首兩名完成的男參加者及第四名女參加者的名次。

Open/Corporate team results shall be determined by the sum of the first three finishers' positions in each team, BUT there must be at least one male and one female among the three. For example, if the team's first three finishers are all male and the fourth finisher is female, we will count the first two male finishers and the fourth female finisher.

- 若公開/機構隊伍出現相同分數，將比較隊伍中已納入計算總分數之第三名完成者的名次，以決定隊伍的成績排名。
In case of tie, position of the third finisher being counted will determine the winning open/corporate teams.
- 每隊機構隊伍之隊員必須於同一機構工作。
Each corporate team shall consist of staff working in the same corporate.

< 學校隊伍 School Teams >

- 每隊學校隊伍之隊員必須於同一院校就讀。
Each school team shall consist of students attending the same school.
- 學校隊伍之成績計算是根據每隊首三名完成者的名次總和。
Team results shall be determined by the sum of the first three finishers' positions in each team.
- 若學校隊伍出現相同分數，將比較隊伍中第三名完成者的名次，以決定隊伍的成績排名。
In case of tie, position of the third finisher will determine the winning school teams.
